It came at last. Rockcastle was kicked into the Eleventh and that is all there is to it. We are there and there is no use to cry over "spilt milk". We did not want to go and it is very doubtful whether we will ever become very well satisfied in our new location, but we shall try to make the best of it. We have one consolation and that is whenever we meet an Eleventh district democrat, we know he is true blue, a democrat from principle and that his vote is not for sale. That is more than can be said of some scoundrels who call themselves law makers and took an active part in having Rockcastle put out.

NAT B. SEWELL, of London, is a candidate for delegate from the Eleventh district to the National convention which meets in Baltimore to nominate a candidate for president. Mr. Sewell is one of the good democrats of the Eleventh; was for some time editor of the London Democrat, and a hard worker for the cause of Democracy in the "Bloody Eleventh". No more creditable representative could be chosen than Mr. Sewell.

There is not much difference between being in the Eleventh and occupying the position Rockcastle occupied in the Eighth. The majority was too much the wrong way to get much recognition. But where the bitter pill comes is to try to stomach Caleb Powers. That is the worst dose of it all.

June 26-27 has been selected as the time of meeting of the next annual session of the Kentucky Educational Association because there are no other school events in the State which will conflict. The rural schools, the city schools, and the colleges will have closed their session before that time and there is no reason why any teacher in Kentucky may not attend.

It may be truly said that no organization has been more effective in the creation of ideas and the formation of policies that have in turn promoted the efficiency of the schools of the State than the Kentucky Educational Association. The first meeting of the Association was held forty years ago and it has had much to do with the betterment of the school system of the State from that day to this, and today it is the most potent factor in the educational life of the State. The Louisville meeting of this Association which will be held on June 25-27 promises to eclipse all former meetings in points of attendance, organization, thought, and action.

If there is a teacher who has not been attending the annual meetings of the Kentucky Educational Association, now is a good time to begin. Louisville is the place and 25-27 is the time of the next meeting. The addresses and discussion will interest and benefit you. The subjects for discussion are important and the speakers are qualified to speak with authority. The acquaintances you will make or renew will be not only a pleasure but a distinct professional asset. The social features of the meeting will make you a better, because a happier teacher, all next year. A splendid program has been arranged and a host of enthusiastic and friendly teachers will be there.

The last meeting of the State Teachers' Association of Oklahoma saw 6,000 teachers in attendance. The largest session of the State Association in Kentucky did not have more than 800 teachers. The meeting in Louisville on June 25 is expected to be a record breaker.

and the officers of the Association are confident that 2,500 teachers will be present on this occasion.

Every teacher who attends the Kentucky Educational Association at Louisville on June 25, 26 and 27, 1912, will have an opportunity to inspect the Louisville school system, which includes 7 high schools, 57 public schools, 9 public night schools, 37 public kindergartens, 15 medical, law, business, dental and theological colleges, two military institutes, a dozen preparatory schools, and an excellent system of parochial schools.

TO MOTHERS—AND OTHERS

You can use Bucklen's Arnica Salve to cure children of eczema, rashes, tetter, chafings, scaly and crusty humors, as well as the accidental injuries,—cuts, burns, bruises, etc., with perfect safety. Nothing else heals so quickly. For boils, ulcers, old running or fever sores or piles it has no equal. 25cts at Chas. C. Davis.

What is known as the \$1 a day pension bill was introduced by General Sherwood, of Ohio, in the lower house of Congress and was passed by Republicans and Democrats. The bill then went to the Senate committee where it had been pending until a few days ago. Press reports all along have indicated that Taft was opposed to the bill and would veto it if passed by the Senate, but rather than be placed in such a bad attitude before the soldiers of the country, he planned to have the bill killed in the committee. As members of

this Committee are to find the names of Senator Bradley and the Morristown Senator, Reed Smoot, from Utah. These two gentlemen were prompt to carry out the wishes of Mr. Taft and used their influence against the bill. As an excuse to their action, they claim this country is not financially able to pay the old soldier \$1 per day, yet at the same time, these same patriotic lawmakers were careful to say nothing against the action of Congress in increasing the pay of Congressmen and Senators from \$5,000 to \$7,500 per year and the President's salary from \$50,000 to \$75,000 a year. In other words Bradley is perfectly willing to take out of the Treasury more than \$20 per day for his services and Taft more than \$200 per day for his, but say to the soldiers you wait for your \$1 a day pension until you are 75 years old when Bradley and Taft both know that nine-tenths of the soldiers will be dead before they reach that age. WHOSE SERVICES ARE AND HAVE BEEN WORTH MORE TO THE COUNTRY THE SOLDIERS' or Taft's and Bradley's? Somerset Herald

NINETEEN MILES A RECORD without a jar, shock or disturbance is the awful speed of our earth through space. DON'T ABUSE YOUR WATCH

YOU do not run your buggy, automobile or other machinery till it squeaks and grinds and cuts itself to pieces. You clean and oil it often.

You should be as careful of your watch. It is small and light and can not speak loud when it is dry and needs cleaning and oiling so it is liable to cut and wear and need attention before you know it. You may not know it till the watch is completely ruined and stops.

Bring your watch to us and let us examine it with our strong glass to see its condition accurately. We will show you and explain the exact condition.

Every watch should be thoroughly cleaned and re-oiled and adjusted once in each year. Take proper care of your watch and it will last you a lifetime.

PERSONAL

W. H. Fish was in Cincinnati during the week.

Logan R. Hughes was down from Stanford Sunday.

Cashier A. M. Hlatt, of the Citizens' Bank of Brodhead, was here yesterday.

Born to the wife of George Owens, of Mareburg, on the 12th, a fine boy.

Master Benjamin Mullins is very sick and it is feared he has pneumonia.

George Durham, of Brodhead, is visiting his brother, F. L. Durham, on Newcomb Ave.

Mrs. J. W. Brown is in Louisville for the week. Mr. Brown accompanied her for a day.

John French Jr. was over from Wildie Sunday the guest of the family of his uncle, J. Fish.

C. D. Sutton was in Cincinnati during the week buying goods for that splendid firm Sutton & McBee.

W. J. Sparks and family who have been at the Seelbach, Louisville, for the winter, will return to their home here to day.

Atty. E. R. Gentry and Rev. G. S. Watson were named as the trustees in the J. H. Dickerson bankruptcy proceedings.

David L. Bryant, the pioneer miller of this county, is able to be at his work again after suffering a few weeks with lagrippe.

Mr. and Mrs. Tyree Gentry have returned from a visit of six weeks to California and New Mexico. They saw several Rockcastle people on their visit.

I. P. Mayfield, prominent in M. W. of A. circle, was here from Somerset Thursday on business concerning that organization.

Mrs. R. B. Thompson and daughter, Mrs. Al. Homes, were with Mrs. Thompson's mother, Mrs. W. M. Pointer this week.

Judge John Menifee, of Stanford and Atty. William Lawwell, of Danville, were here Tuesday in the interest of a Roosevelt Club for Rockcastle.

We are in receipt of a letter from Mrs. Cleo Brown telling of her visit to the Sunflower state, which arrived too late for this week but will appear in our next issue.

Mrs. Annie Hendrickson has returned from a four weeks visit with friends at Pineville. She will leave Sunday for Cincinnati to purchase her Spring Millinery.

Mr. David Griffin, who is at the head of the mechanical department for the L. & N. at Jellico, was here for a few hours Wednesday morning on his way to Mareburg to see his father.

LOCAL

The Holy Rollers closed out at this place Monday night.

Two farms for sale. For further information apply to, C. H. FRITH, Brodhead, Ky.

The year 1912, promises to be one of Mt. Vernon's, best years for building. A number of houses are being planned.

Garnett Kemper, special agent for the Fidelity Phenix Fire Insurance Co., was here yesterday to adjust the loss of R. A. Sparks.

Willie Green Harrison, who recently returned to his home in Mt. Vernon from the asylum, died Sunday morning. The deceased was sent to the asylum three or four months ago, but never showed any improvement and seeing that the end was near, the authorities of that institution notified his family, who requested that he be sent home to spend his last days.

F. L. Durham bought a fine cow from Bob Langford for \$45.

The finest Blue Serge Suits in town are ready for you to try on at Fish's.

See that new white buckskin, 14 button, ladies boot in Fish's window at \$3.50.

Judge Bethurum is having some considerable additions and improvements made to his office.

Paris Sowder has had two hung juries in his trial of violating the town ordinance by renting his pool tables to a club.

The Malt Mead joins had just as well tuck their tails and get out of business, not only in Mt. Vernon and Rockcastle county, but in every local option town and county in the state.

Mt. Vernon will offer special inducements to a good "shoe cobbler". A good workman can get all the work he can do. F. Krueger has a vacant room and says he will make it interesting for the right kind of a workman.

Regular services at the Baptist church Sunday Nov. 17 at both hours. Sunday school at 10:00 a. m. The public are cordially invited to attend all services. Strangers welcomed and made to feel at home.

T. C. DURE, pastor.

The heating plant at the Graded School is at last in operation but Spring is here or soon will be and the heat will not be needed. Many valuable hours work has been lost this winter on account of the inefficiency of the man who installed the plant.

Mt. Vernon simply has got to have a hotel, but who is going to build it? That is the question. Our town is too large for one small hotel to try to accommodate the people and the failure to supply one will cost Mt. Vernon more than any one thing that could possibly happen.

FARM FOR SALE—Containing 200 acres with a five-room house. About half of farm in cultivation the balance in timber. This land lays well and is well watered with branches and wells. A good stock farm adjoining the town of Brodhead. Will sell worth the money. Terms to suit purchaser.

MRS. LINDA BENTON Brodhead, Ky.

We understand that Mr. I. A. Bowman will sell out in Madison and return to Jackson county; his former home. Mr. Bowman already has the contract for furnishing the cross-ties for the new railroad which is to be built from Ida May to Livingston. We understand work has already begun on road in Jackson county. This will open one of the richest timber and mineral sections in the state.

From necessity we are again forced to request those who have articles for publication, to please hand them in early in the week. Don't wait until Thursday, that is the day for correspondence from Brodhead and Livingston which together with the regular local work is all we are able to handle on that day. In the future please hand in your contributions early and when so done, we are only too glad to have them, but our force can only do so much work and we do not feel inclined to ask them to work overtime every Thursday in order to do what could and should have been done earlier in the week. We would also request that correspondents, who do not contribute regularly, send in as early in the week as possible in order to make sure that the letter will get in the regular run.

Uncle Dick Johnson has recently heard good news from an old friend and comrad of the war of 61, who after the war drifted west and accumulated a fortune. Since the close of the war Uncle Dick had heard nothing and knew nothing of the whereabouts of his old comrad, until a few days ago a letter came asking about Uncle Dick, which stated the writer had amassed a handsome fortune and if Mr. Johnson needed any of it, means he should have it. The best information obtainable is that Uncle Dick will soon get something like \$10,000 as a remembrance of by gone days, which will come in good time as the hand of misfortune and bad health has weighed heavily upon Mr. Johnson who has hardly been able to leave his room for three or four years.

At Mt. Vernon, is a splendid location for a harness and saddle maker.

The W. J. Sparks Co. have placed an order for a crusher for grinding stone for fertilizing purposes and the plant will be installed at one of the three quarries in the county. We trust that the Mt. Vernon quarry will get this addition, for it is an industry that will grow and in a short time will be of such a capacity that several men will be required to handle that part of the business. It seems to us that it would be good policy and good business on the part of the business men to prevail upon Mr. W. J. Spark, the president of the company, to install that plant at the Mt. Vernon quarry. It will be only a small part of the business to start with, but only a few years will have passed when it will be one of the biggest ends of the W. J. Sparks Co.'s business. As a fertilizer the ground lime stone has no equal for restoring worn out lands and reviving the less productive. The cost will be much less than the commercial fertilizers and the results better. Let us use our efforts to get this business located at Mt. Vernon. We need it and we want it.

BROWN MEMORIAL SCHOOL.

Miss Moore, principal of the Presbyterian school, at Harlan, spent the week-ends at Langdon Dormitory.

Vesta Cornett has returned to school after a brief absence on account of illness.

Chapel exercises have had several special features during the past week. On Thursday the members of the primary class read the two-act play, Mary's Lamb, Dorothy Albright acting as teacher of the school, Elizabeth Furnish as Mary, and Frank Richards as the lamb. Jack Crawford and Bernard Franklin carried out their parts as members of the school. On Monday morning special music was rendered by the Senior chorus the Junior chorus, and the Girl's Glee Club. Tuesday, Miss Mattie Huff sang a solo.

In a contest among the first year Bible students on Monday morning, Virginia Crawford stood the longest.

The High-school cooking class is to give a luncheon Friday noon.

HANSFORD.

Miss Maggie Bradley of Bl ss, visited her brother at this place last week. M. G. Kirby and family spent Sunday with Mrs. M. J. J. Bullcock returned home Sunday after spending two weeks with relatives at Lawrenceburg, Crab Orchard and Danville. Mrs. H. C. Kirby spent Sunday and Monday with her mother, Mrs. Jane Renner, at Cedarville. Mitchell Cress Egbert and Nell Norton, of Wadd, attended church at Mt. Pisgah, Sunday—W. T. Debor, of near Level Green, was in this part Sunday. Tom is a good fellow and we like to see him come around. Misses Bertie and Bertha Kirby spent Saturday and Sunday at the home of Miss Cora Kincaid. Mrs. W. M. Bullock and children spent last Saturday with her mother, Mrs. Debor. There will be singing and bible reading every Sunday at 2 p. m. at a house just opposite the Blue, spring on W. M. Bullock's farm. Mrs. J. W. Cromer and Mrs. Martha McClure and daughter visited Mr. and Mrs. Jonas Pitman, near Level Green, last Sunday. Holy Rollers held services at the home of Robert McKinney last Saturday night, Sunday and Sunday night at the home of W. A. McKinney. Salie Doan and family, of Lincoln county, are visiting here this week. O. J. Mullins, the bustling trader of Level Green, passed through here Monday. Mrs. Sarah Kirby, who has been sick for the past six weeks, is improving in health. Bro. Clouse filled his appointment at Mt. Pisgah Saturday and Sunday and was assisted by Bro. James Barnes and Bro. Mobley. There will be preaching at Mt. Pisgah, the second Saturday and Sunday in April. We are having good attendance, and every one that goes seems interested. Old Mt. Pisgah church is growing.

Why Women Are Not Rich.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proved that the normal man has five million—the woman only four and a half million in a cubic millimeter of blood.

A decrease in number of red blood corpuscles and a person "looks pale." In fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a year's extract of golden seal and Oregon grape roots, quack's root and bloodroot with black cherry bark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine has been called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood, a person loses those irritable feelings, sleep, and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. JAS. D. LIVERY, of Washington, D.C., "and I was told that I would die. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, I had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advice to all people to take Dr. Pierce's medicine before their diseases become too long that there is no chance to be cured."

INTERESTING FACTS REGARDING LABORATORY OF THE CHAMBERLAIN MEDICINE CO., DES MOINES, IOWA.

A person purchasing a bottle of Chamberlain's Cough Remedy has no conception of the magnitude of the laboratory where this medicine is manufactured. The machinery and apparatus used in its preparation was designed especially for the purpose and cost several thousand dollars. Europe, South America and the United States supply the various ingredients of this remedy and only the highest obtainable quality is used. No pains or expense has been spared in making it as nearly perfect as possible.

A force of helpers representing homes enough to populate an average Iowa town are regularly employed at the plant of the Chamberlain Medicine Company at Des Moines, Iowa. Their printing department, which is usually overlooked in calculating the expense of a business of this kind, ranks as one of the best in the State, and is thoroughly equipped with automatic presses and folders of the latest improvement.

type. Here enough print paper is used in one year of spread over ten farms of 160 acres each, upon which is printed advertising matter, directions and labels in twenty-eight different languages and dialects. Enough lumber is used in making the cases in which the medicines are shipped to build an eight room house on each of these ten farms every three months. The bottles used by this firm every year, which are filled by machinery at the rate of 2,000 per hour, if placed end to end would reach across the United States seven times or almost encircle the globe.

The Kentucky Educational Association will hold its next annual meeting at Louisville on June 25, 26 and 27. The program is an important one, the subjects for discussion are timely and important. The social features of the meeting will prove very enjoyable. Its just like a big informal reunion. Many teachers do not realize the value of an extensive acquaintance among the teachers of the State. If you are at all ambitious, the money and time you spend in extending your acquaintance in the profession is an excellent investment and this meeting a great opportunity.

GLORIOUS NEWS

comes from Dr. J. T. Curtiss, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It estimates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Chas. C. Davis.

KINGS MOUNTAINS.

Being an old correspondent I would like to add a few lines to the much beloved SIGNAL from this neck of the woods. We are always anxious for the SIGNAL and would enjoy reading letters from every part of the county.—There is lots of sickness in this locality principally lagrippe and pneumonia.—The school at this place is progressing nicely with good attendance.—Miss Fannie Hatfield, the well known teacher who has taught in your county also, left a few days ago for Washington where she will be married and will make that place her future home.

Prof. Albert Long was called to Eubanks on account of the death of his brother, who was a victim of pneumonia.—Mr. Cowell, the father of Dr. Cowell, of Wanesburg and a highly honored citizen died Saturday and was buried by the masons of which order he was a member.—Dr. Laswell and wife visited Mr. and Mrs. E. G. Gilliland, Sunday.—Robert, the little son of Mr. and Mrs. John McKee, is very sick at this writing.—Mrs. Effie Ballard and little son, Rosco, are spending a few weeks with her brother, Dr. Laswell.—Mr. R. Floyd, who has cancer of the eye, is very sick.—Master Orville Preston, the eight year old son of Dr. and Mrs. W. D. Laswell, celebrated his eighth birthday Thursday Feb. 29th. He was very much surprised when a number of his schoolmates, also his teacher, Miss Lydia McKee, arrived, at about 6:30 o'clock bringing many valuable presents, a very pleasant evening was spent there being 35 present. The crowd was treated on apples when at 9 o'clock they took their departure.—Much success to the SIGNAL and its many readers is the wish of a reader.

REPELS ATTACK OF DEATH
"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery.—It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat troubles now. Take the cure that's safest. Price 50 cents and \$1.00 Trial bottle free at Chas. C. Davis'.

Children Cry FOR FLETCHER'S CASTORIA

There is need just at this time for an organized movement along all educational lines. Many reforms have been attempted, some of which are yet incomplete and others are to be inaugurated. The logical duty of the Kentucky Educational Association is to be the organized leader in promoting these reforms, and in projecting such new ones as the State may need. Whether you live in the Blue Grass, Purchase, Pennyrite or Mountain District, you are equally interested, with all such teachers, in the educational weal of our State, and it is the patriotic duty of every such person to lend his hand to the work of the Association, and, in the bounds of possibility to attend. The next session of the Association will be held at Louisville on June 25-27 and it will no doubt be the largest and most enthusiastic session ever held in the State.

The Louisville meeting of the Kentucky Educational Association will mark a new epoch in the history of education in this State. Never before has there been so many speakers of National fame on the program. It will be a great meeting of educators and will be of untold value to the cause of education in Kentucky. Every city and county superintendent and every teacher should attend this meeting.

John W. Sickelsmith, Greensboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by Chas. C. Davis.

The program of the Kentucky Educational Association has been arranged by practical educators with a view to furnish the greatest possible amount of profitable discussion of vital points in the educational world, and ample time has been allowed for such discussions. The meeting will be held in Louisville on June 25-27 and every teacher should attend.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a pleasant manner, by going to the source of the trouble and building up the bodily strength.

TAKE The CARDUI Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.
